Note that this program requires the 32 or 64-bit version of Autocad 2017 and it can only convert legacy projects that were saved as a legacy format from Autocad versions 7 through 2016, or from Autocad 16.07 (if you have installed Autocad 16.07) and newer. It cannot convert legacy projects saved from older versions of Autocad (it will simply create a new version).
