Easy File Renamer allows you to perform a series of file renaming tasks. This free tool supports batch renaming of multiple files at the same time, includes options to re-name files and folders with special characters, and even enables you to convert file extensions. The program runs fast, and its toolbar contains all tools and controls that you need to perform the rename process. You can use Easy File Renamer either for renaming only one file, or for a whole folder. When the process is done, it will provide a list of renamed files and folders, with the names and renaming options you specified. Since it's a simple and easy-to-use tool, it doesn't take up a lot of system resources and can work just as well on a system with old or low-end hardware. It's also available as a portable application and can be used on any system for renaming multiple files at the same time. The main window of the program is divided into four panels - the upper one features controls to change the list of files and folders you want to rename, the middle panel has the renaming options - you can rename files or folders in either with or without file system attributes, and the bottom panel shows the list of files that are currently being renamed. Easy File Renamer Review: EZ Save Files is a powerful data compression tool that allows you to manage and free up disk space. In addition to regular compression, the program can additionally analyze files and extract ZIP archive contents, such as WinRAR, 7-Zip, ZIP, RAR, ISO, and lots of other formats, and unpack them directly to a folder of your choice. EZ Save Files runs fast and won't eat up much system resources, can decompress a few folders and extract them in a single operation. In addition, the software features integration with the Windows shell, so you can run it from the taskbar. The program can also display compression settings in the folder and files that are being processed, along with a convenient preview window. The program is easy to use and offers friendly user interfaces and navigation. The good news for EZ Save Files users is that the program comes with 30-day free trial, and after that, it will cost you just $29.95, which is a very small price to pay for a helpful utility like this.
