There are many demons, such as you, who are still in the pure realm. If you wish to join the Dark World, I will offer you any reward in return. And, please, respond, without hesitation. Tohru on 2017/09/14 Capcom warned that this is a PlayStation 4 specific title, however there is a limited library of other platforms for this game. Zannik on 2017/11/16 As for the PS4 exclusive I think that was more to do with Uncharted and the back story of the character. Being an Australian fan the PS4 not being available in Australia is actually good. Although I'd still prefer the Vita to PS4 if it was available here. Dr.P3r4iX on 2017/11/16 I think that it was probably just Sony not supporting all of the regions. I mean they put the game on Hulu but not Xbox One X. This is a PS4 only title so no PS3 or PS Vita ports and the only PC version available in Japan is a Japan only dlc. BaronPhantom on 2018/01/17 I'm so happy that I finally caught this game. So many awesome games missed the mark. Eddy Enci on 2018/01/17 Hahahahaha you are so wrong about something, theres another game it's the pc port with the pauper edition the game came to USA with a 3rd party company Red GMC, and not the one that's on sale which comes bff6bb2d33
