The girls' dormitory is approaching the end of the academic year - and the first-year students have to find their beds and lock their dorm doors behind them! The 4 main girls, Anju, Honoka, Misaki and Meru, must figure out where they are going. Will they continue to be roommates? Will they follow their school's social hierarchy? And most importantly: Will they find their "destination girls"? Check the items in the girls' dormitory and see for yourself what happened there yesterday - and what's going to happen today! Is your unit still intact? Time to find out! Story Juniper can't believe it, she has no choice but to chase after her lost soul, perhaps this is her last chance at redemption. Out of the blue, a mysterious girl named Sonya asked Juniper to let her stay at her dorm. She is the girl Juniper went to high school with, an enigmatic girl with whom she lost touch. Together, with Meru and Misaki, they take off to Okinawa, a seaside island that lies off the coast of the Ohara region. There the four friends meet up with the other five third year students, they find out the truth behind everything and more and realize that the real world can have many more friends than they thought. 3 years after graduation, Misaki decided to visit the same place with her boyfriend. She finds her old friends and realizes that the choice she made in her life was wrong. And it's definitely time to bid farewell to NCS, as all of them head off for new endeavors. There's just one thing left to do before the reunion... Features 4 character designs for each main character. Cute and Sweetly Polished Gameplay Atmospheric music and sound effects to reflect the delicate beauty of nature. A school life with its own charm. All original story scenario and content. A new world for NCS, a story full of friendship and mystery!
