## Design DaVinci Resolve Studio V16.1.0.55 Torrent

DaVinci Resolve Studio supports up to 120fps at a massive 32K resolution, as well as support for multiple GPUs for real-time playback of professional 10-bit formats, and accelerated H.264 and H.265 hardware decoding and encoding. There's a full suite of immersive audio tools including Dolby Vision and HDR10+ grading and rendering, the DaVinci Neural Engine and 30 extra ResolveFX. You get temporal and spatial noise reduction, motion effects, lens distortion correction, de-interlacing, workflow and media asset management integration, remote scripting API, remote and networked color grading, plus rendering and encoder plugin support. Plus there's full-screen playback on a second monitor! Color Hollywood's favorite color corrector! The DaVinci Resolve Color Page is Hollywood's most advanced color corrector and has been used to color and finish more high-end feature films and television shows than any other system! It's also approachable with exciting new features designed to make it easier for new users to get great results while they continue to learn the advanced tools. For example, new primary control sliders will be familiar to anyone that's used image editing software, making it easy to adjust contrast, temperature, midtone detail, saturation and more. The Color Page has an incredible range of primary and secondary color grading features including power windows, qualifiers, tracking, advanced HDR grading tools and more! The new Video and Film Editor is powerful and extremely intuitive. It's designed to fit your project needs. It lets you use the most popular formats for color negative, video tape, and digital media. You get a variety of audio and video tools. On the Edit page you get powerful tracks for editing, audio and video tracks, keyer, stitch, and masking tools, editing graph, context-sensitive automatic trimming, media management tools, and a huge library of titles, transitions, and effects. There are tools for organizing media into bins based on the faces in a shot, color correcting and color grading for creative color correction, adding titles, subtitling, and other effects, and the ability to control 3rd-party hardware such as a toy robot, smartphone or tablet. You also get intuitive workspace for real-time previewing and editing. You can even use a creative control surface like the Photoshop to use a mouse! Learn more [5ec8ef588b](#)
