Vid2mp3 is a powerful software for converting YouTube videos to MP3, AAC, AMR, FLAC, MP2, WAV, M4A, M4B, and other popular audio formats. This is the best YouTube to MP3 tool available on the internet. All the downloaded videos are protected from any copyright issue. When you reach the top of a YouTube search list, you will find out the most popular video, the most popular music video, the most popular song, and lots of options to sort videos by date, time, description, or country. You can combine the filter options, search inside comments and use key words as filters to find exactly what you're looking for. Finally, you can navigate easily among music videos through playlists, channels, and artists. If you have a fast connection and more time, then why not take advantage of the program's advanced features to download as many songs as you like? Its download manager will divide your video file into equal parts that you can download at once, and no more than 10 minutes waiting for your downloads. You can also pause downloads, edit MP3 files, and preview them before download. This is the easiest way to manage your music downloads and share files on your computer. Just right click the downloaded file, select "Save as", and you are done!
