The monthly report on the Box service is available on Fujifilm US (<https://us.box.com/web/service/servlet/BoxServlet?webservice=docuworks>). Users can obtain useful information such as the number of monthly active users, the number of documents managed, and total amount of cost. We are also looking forward to the future. We hope you will also take advantage of this partnership. Operating system applications do not work normally in the following case. When you update the DocuWorks, use the uninstall method. (0005766) Or update the application itself. (0006748) Or install the application in a different folder. If you have installed the DocuWorks Service after using the uninstallation process, you should stop the DocuShare service. Otherwise, DocuShare service will not function correctly. (0005895) To stop the DocuShare Service, specify the path of the DokuShare.exe file using the -s command-line parameter. (0006332) The following steps must be executed in the same order as they are shown in the illustration. Note that the ids_example.jar file in the folder IDocu/bin is automatically installed by DocuWorks. Once IDocu is executed, the content_example.jar file is

installed into the IDocu/bin folder. IdDocu and IdDocuHost are automatically installed when DocuWorks is installed. If you uninstall the DocuWorks Service, IdDocu and IdDocuHost remain. With the enhanced Box and DocuWorks integration, users will be able to store and save DocuWorks files in Box and preview them within Box, including via mobile devices. Paper-based documents are thereby digitized with DocuWorks, and the digital content is stored in Box. It can then be viewed, searched, and shared securely anytime, anywhere, and on any device, dramatically reducing the time and effort required for managing and accessing critical business content. Content silos can be eliminated, and efficiency can improve across an entire business. In addition, Box's full range of advanced security functionality can be used to satisfy both convenience, efficiency, and security, allowing users to concentrate on their work with peace of mind.
